We cannot guarantee that loaner embossers will always be available, because maintaining sufficient stock to insure this service would raise costs for everyone, including customers who may never need it. We often do provide loaner units when we have them available, however.

## For International Customers

All our embossers come with a one-year warranty on parts and labor (except for the BraillePlace and the PED-30 Plate Embossing Device), though customers are responsible for shipping charges to and from our factory. We have many authorized dealers and service centers throughout the world. There may be one near you. Technical support is available by phone at (772) 225 3687, fax at (772) 225 3299, or e-mail at [support@brailler.com](mailto:support@brailler.com)

Please order all extra features you feel you might need at the time your embosser is manufactured, as Single Sheet Tractors and ET Speaks are prohibitively difficult and expensive to retrofit on existing embossers.
